

Auto-Tune® 8.1.2 32-Bit Only Installer

This installer is for 32-bit Windows PCs only.

The 64-bit installer should be installed on any 64-bit PC. It installs both the 32-bit and 64-bit versions of Auto-Tune 8.1.2 VST.

The 32-bit installer should only be installed on 32-bit PCs. It (obviously) only installs the 32-bit version of Auto-Tune 8.1.2 VST.

Neither installer supports Windows XP 64-bit or 32-bit.
